

Lower out-of-pocket costs plus access to quality care

Savings Plus network

Affordable options

Health care costs are different everywhere. You might pay more for a particular service than your next-door neighbor. Or you might pay less. It all depends on the doctor or hospital you choose.

You can typically pay less with our **Savings Plus network**.^{*} And you still have access to quality care.

Use Savings Plus — and save

Why pay more for covered services? Instead, visit:

1. Savings Plus doctors and specialists

See these doctors, and you also typically pay less.

We choose doctors from 20 different speciality areas who meet certain criteria, such as having a history of treating patients at Savings Plus hospitals.

Specialists are doctors who treat certain conditions or diseases. For example, dermatologists treat skin conditions. Cardiologists treat heart problems.

2. Savings Plus hospitals

These hospitals meet specific standards for clinical quality and efficient use of health care resources.^{**} You typically pay less when you receive care at these hospitals.

Consider choosing doctors and specialists who commonly use Savings Plus hospitals. This is the best way to get the most out of the Savings Plus network.

You can still visit hospitals and doctors not in the Savings Plus network. But you'll probably pay more.

^{*}We review the cost-efficiency and quality data of the providers in the Savings Plus network every two years. Providers may move from one tier to another at any time.

^{**}In some cases, we apply other business considerations.

Tiered Provider Network. This plan includes the Tiered Provider Network called Massachusetts Savings Plus. In this plan, members pay different levels of copayments, coinsurance, deductibles, depending on the tier of the provider delivering a covered service or supply. This plan may make changes to a provider's benefit tier annually, the first on January 1, 2018. Please consult the Massachusetts Savings Plus provider directory or visit the provider search tool at www.aetna.com to determine the tier of providers in the Massachusetts Savings Plus network.

How to keep costs down

Find Savings Plus doctors and hospitals

- Go to www.aetna.com. If you're already a member registered for your secure website, log in to find a doctor. If not, just click on "Find a Doctor" to use the online directory.
- Either way, look for doctors and hospitals with the Savings Plus symbol. 
- Doctors in some specialties* will have a blue star. ★ These Aexcel® doctors have met additional clinical quality and cost-efficiency standards.

Choose health care facilities that work for your needs

Sometimes you don't need to receive care at a hospital.

Search the online directory for X-ray, lab and ambulatory surgery centers in your area. They can provide the right care for you, at the right cost for your health care budget.

Use our online tools

Are you an Aetna member? Then try our online tools.

You'll find estimates and cost ranges for many health care services. When you know costs, you can make the most out of your benefits. And maybe save a little, too.

Just log in to your member website at www.aetna.com to:

- See what you'll pay for hundreds of doctor and hospital services in most parts of the country, based on your actual plan. Compare estimates for up to 10 doctors or hospitals at a time.**
- Compare in- and out-of-network cost estimates for office visits, surgeries, medical tests and more.
- Look up costs for prescription drugs — before you fill a prescription. And find out what you can save by using our home delivery service.

*Aexcel specialties: cardiology, cardiothoracic surgery, gastroenterology, general surgery, obstetrics and gynecology, orthopedics, otolaryngology/ENT, neurology, neurosurgery, plastic surgery, urology and vascular surgery. Aexcel is not available with health maintenance organization (HMO) plans. The Aexcel network is only available in select locations.

**Estimated costs not available in all markets. Actual costs may differ for a number of reasons, including if other or different services are performed by the doctor or facility at the time of your visit, and/or additional claims/member payments are processed before the actual claim for the estimated service is processed. HMO members can only look up estimated costs for doctor and outpatient facility services.

More ways to get care

In an emergency or urgent care situation, we want you to get care as soon as possible. So go where it is most convenient for you.

- Go anywhere for emergency room care. Your health benefits or health insurance plan covers this visit at the highest benefits level.
- The same is true if you use a walk-in clinic that is in the Aetna network.

Health care facilities and doctors in the network contract with Aetna to offer rates that are often much lower than their regular fees. This helps you save.

And look for Institutes of Excellence™ facilities and Institutes of Quality® facilities for special care needs. These include weight-loss surgery, transplants and more.

You can find them in our online directory at www.aetna.com.

Look for the Savings Plus symbol before you choose a doctor, specialist or hospital.
