About this form

Do not use this form to initiate a precertification request. To initiate a request, submit electronically on Availity or call our Precertification Department. Submit your medical records to support the request with your electronic submission.

We've made it easy for you to authorize services and submit any requested clinical information. Just use our provider portal on Availity®. Register today at [Availity.com/aetnaproviders](https://www.availity.com/aetnaproviders). Once your account is ready, you can start submitting authorization requests right away.

- For additional information on Availity, go to <https://www.aetna.com/health-care-professionals/resource-center/availity.html>

Requesting authorizations on Availity is a simple two-step process

Here's how it works:

1. Submit your initial request on Availity with the Authorization (Precertification) Add transaction.
2. Then complete a short questionnaire, if asked, to give us more clinical information.
 - If you receive a pended response, then complete this form and attach it to the case electronically.

This form will help you supply the right information with your precertification request. Typed responses are preferred. Failure to complete this form and submit all medical records we are requesting may result in the delay of review or denial of coverage.

How to fill out this form

As the patient's attending physician, you must complete all sections of the form. You can use this form with all Aetna health plans, including Aetna's Medicare Advantage plans. You can also use this form with health plans for which Aetna provides certain management services.

When you're done

Once you've filled out the form, submit it and all requested medical documentation to our Precertification Department by:

- If your request was submitted via telephone, you can either:
 - Access our provider portal via Availity; enter the Reference number provided and attach this form and all requested medical documentation to the case or
 - Send your information by confidential fax to:
 - **Precertification**- Commercial and Medicare using FaxHub: [1-833-596-0339](tel:1-833-596-0339)
 - The fax number above (FaxHub) is for clinical information only. Please send specific information that supports your medical necessity review. Please continue to send all other information (claims etc) to appropriate fax numbers.
 - If you do not have fax or electronic means to submit clinical:
 - Mail your information to: **PO Box 14079**
Lexington, KY 40512-4079
(Please note mailing will add to the review response time)

What happens next?

Once we receive the requested documentation, we'll perform a clinical review. Then we'll make a coverage determination and let you know our decision. Your administrative reference number will be on the electronic precertification response.

How we make coverage determinations

If you request precertification for a Medicare Advantage member, we use CMS benefit policies, including national coverage determinations (NCD) and local coverage determinations (LCD) when available, to make our coverage determinations. If there isn't an available NCD or LCD to review, then we'll use the Clinical Policy Bulletin referenced below to make the determination.

For all other members, we encourage you to review **Clinical Policy Bulletin #157 Obesity Surgery**, before you complete this form.

You can find the Clinical Policy Bulletins and Precertification Lists by visiting the website on the back of the member's ID card.

Has the patient participated in an intensive multicomponent behavioral intervention designed to help participants achieve or maintain weight loss through a combination of dietary changes and increased physical activity?

Patient's participation in an intensive multicomponent behavioral intervention must include the following:

- Compliance with the program must be documented in the medical record:
 - Documentation should include medical records of contemporaneous assessment of patient's progress throughout the course of the nutrition and exercise program.
 - For patients who participate in an intensive multicomponent behavioral intervention (e.g., Weight Watchers, Jenny Craig, MediFast, Minute Clinic/Health Hubs, OptiFast), program records documenting the member's participation and progress may substitute for medical records; A summary letter, without oversight is not sufficient.
- Has the patient participated in an intensive program (12 or more visits) that occurred within 2 years prior to surgery?
 - May be supervised by behavioral therapists, psychologists, registered dietitians, exercise physiologists, lifestyle coaches or other staff; and
 - May be in person or remote, in a group setting or an individual based program and:
 - Must have components focusing on nutrition, physical activity, and behavioral modification (e.g., self-monitoring, identifying barriers, and problem solving).
- Submission of records that document evidence of participation in the 12 or more intensive program visits required.
